DECORATIVE LIGHTING
SOLUTIONS
FOR YOUR PROJECTS

2025-06

Preface

This catalogue showcases our collection of decorative lighting products, specially designed and manufactured for high-end projects such as hotels, restaurants, villas, and similar exclusive spaces. Each item is developed on a project basis, tailored to complement the architecture, atmosphere, and functional needs of the space.

Preface

Please note that the products featured in this catalogue are **not available from stock**; they are produced **exclusively for each project**. As such, every order requires a **production lead time**, and delivery schedules are determined accordingly. Our project-based production approach allows for customization in materials, dimensions, finishes, and technical details—ensuring that each product aligns perfectly with the unique demands of your project.

Preface

Additionally, a **minimum order quantity** applies to all catalogue items. This requirement is essential for maintaining the efficiency of our production process and ensuring the consistent quality of our work.

Combining aesthetics, functionality, and craftsmanship, we are proud to offer lighting solutions that enhance and complete the character of your space.

Bu katalog, otel, restoran, villa ve benzeri nitelikli projeler için özel olarak tasarlayıp ürettiğimiz dekoratif aydınlatma ürünlerimizi içermektedir. Her ürün, mekanın mimarisine, atmosferine ve kullanım amacına uygun şekilde, proje bazlı olarak hayata geçirilmektedir.

*Katalogda yer alan ürünler **hazır stoktan teslim edilmemekte**, yalnızca **projelere özel üretim** yapılmaktadır. Bu sebeple her sipariş, üretim süreci gerektirir ve teslimatlar bu sürece göre planlanmaktadır. Projeye özel üretim anlayışımız sayesinde, malzeme, boyut, renk ve uygulama detaylarında esneklik sağlayarak, her projeye en uygun çözümü sunuyoruz.*

*Ayrıca, katalogdan seçilecek ürünler için **minimum sipariş miktarı** uygulanmaktadır. Bu koşul, üretim sürecimizin verimliliğini korumak ve her projeye en yüksek kaliteyi sunmak adına gereklidir.*

Estetik, işlevsellik ve kaliteyi bir araya getiren ürünlerimizle, projenizin özgün karakterini tamamlayacak aydınlatma çözümleri sunmaktan memnuniyet duyarız.

A photograph of the interior of a mosque, looking up through a large, ornate archway. A massive, multi-tiered chandelier hangs from the ceiling, illuminated with many small lights. The ceiling is a large dome with a series of small, arched windows. The walls are decorated with intricate Islamic geometric patterns. The floor is covered with a red carpet. Several people are visible in the foreground, standing on the carpet.
