Hospitality Solutions

from the past —— to the future

1990

The founders began their journey in cold ironwork.

the2000's

The second generation took over, and the production of home kitchen tables and chairs began.

2008

Our brand was established: DECOSIT.

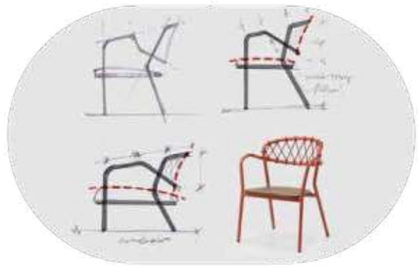
2010+

We've crossed borders and are now focused on hotel, restaurant, and cafe projects.

2014+

We've blended craftsmanship with technology.

2020



We've differentiated ourselves with original designs.

Designed for intensive daily use in demanding outdoor environments.

eyes

Collections

With textures inspired by nature and the elegance of artisanal knitwork, Eyes becomes a centerpiece that completes the soul of any space. This stackable chair seamlessly fits into lounge areas, hotel lobbies, and stylish interiors. Its mesh fabric seat ensures high ergonomic comfort and brings character.

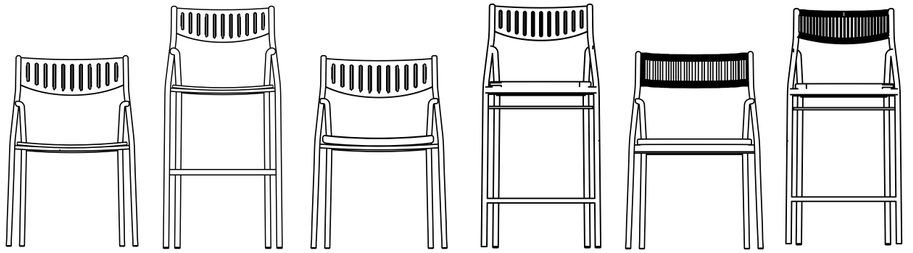
alba

Collections

Alba chairs are designed to bring an elegant touch to your spaces and living areas. With their modern lines, practical design, and vibrant color options, they combine aesthetics with everyday functionality. Built to withstand intensive use, Alba chairs are also lightweight, making them easy to move and adapt to any space effortlessly.



alba

Design by **Edvar Design**

2.9 KG

Easy to carry, sustainable in style.

Less weight, more style. Weighing only 2.9 kg, the ultra-light Alba chair makes carrying and rearranging remarkably easy. Its stackable design saves valuable storage space, offering a significant advantage especially for commercial environments.

alba

Can be endlessly recycled

We choose our color palette from nature and select our materials from sustainable sources. Each of our products, featuring a 100% aluminum frame and recyclable fabric, is crafted with respect for the environment. As a sustainable symbol of this; Mare is a dynamic blend of elegance and energy, with its color that adds a refreshing touch to any place.

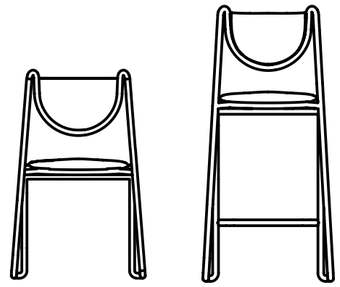
luna

Collections

Luna, featuring a circular backrest at the heart of its design, highlights elegance in architectural projects with its extensive product family, ranging from bar stools to standard chairs. Combining clean lines with industrial sophistication, Luna offers a seamless transition from indoor to outdoor spaces.



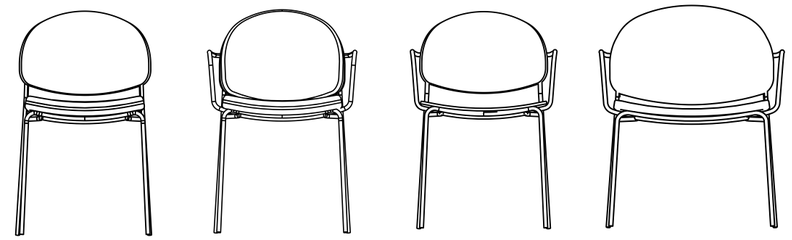
luna

Design by **Nazar Şigaher**

slowpoke

Collections

The Slowpoke collection, designed by Enrique Marti, offers a perfect synthesis of rationalist lines and organic forms. Its oval shape is balanced with modern details, while pastel tones come together to create unique spaces. Slowpoke will be the new meeting point of elegance and aesthetics.



slowpoke

Design by **Enrique Marti**

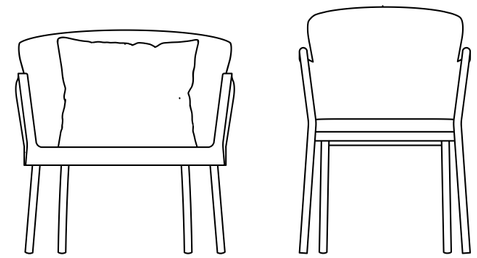
slowpoke

Design by **Enrique Marti**

vela

Collections

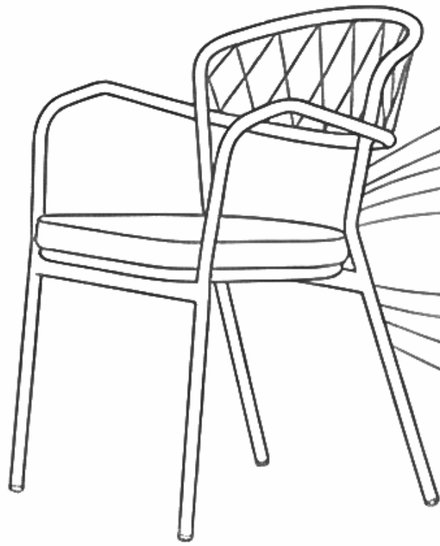
With its soft contours and leather upholstery, Vela introduces you to an elegant design language while combining warmth with a modern presence. Shaped with flowing lines, this chair easily fits into various spaces, adding character without dominating the room.



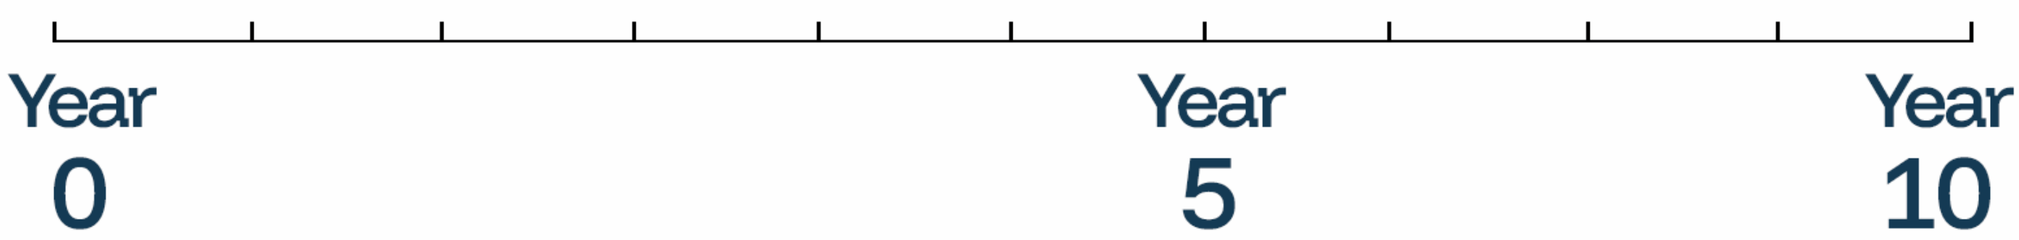
vela

Design by **Decosit Design Studio**

At Decosit, we believe that true luxury lies in responsibility. By embracing the circular economy, we design products that are not only durable and timeless but also repairable and recyclable.



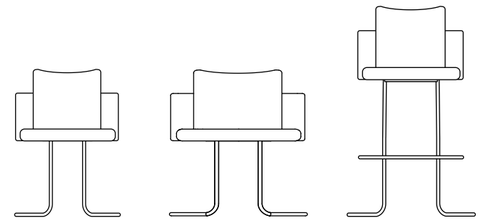
Lower carbon footprint achieved through smart material and design decisions.



azis

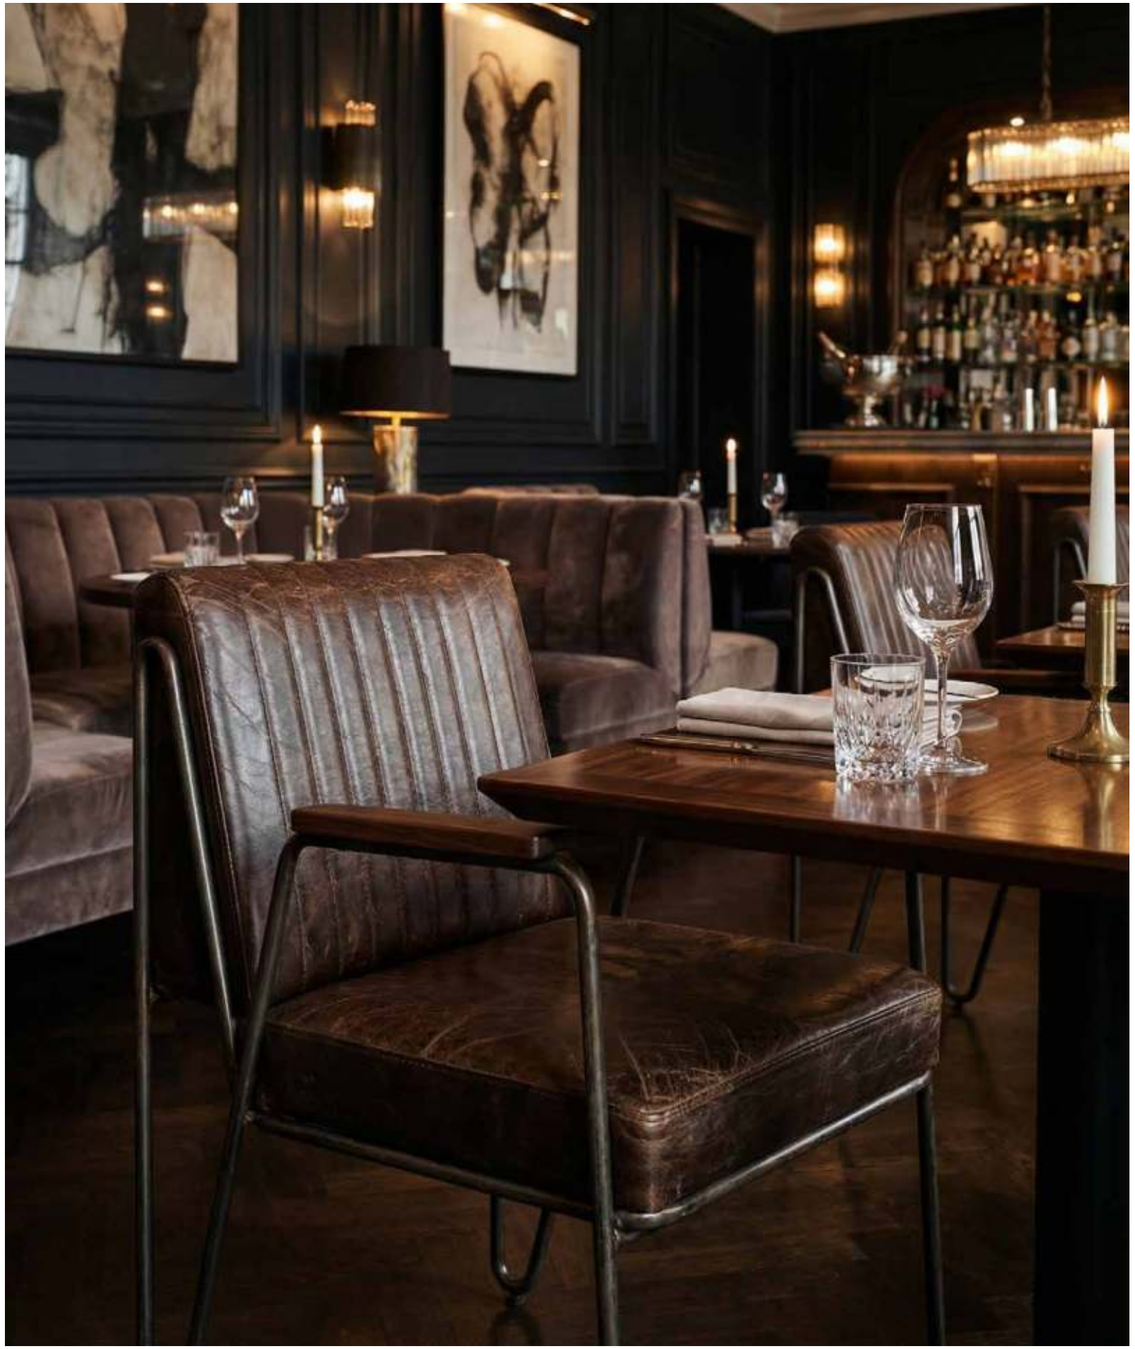
Collections

Deep seating and its full, generous form turn time spent in the space into pure comfort. Soft-textured upholstery and wide back and arm supports provide a relaxed seating experience, while the slim metal legs balance this voluminous form and create a modern silhouette. As a result, Azis presents a look that is both strong and elegant.



azis

Design by **Decosit Design Studio**



mono

Collections

The Mono Bar Chair takes on the role of both a complementary element and a focal point in your projects with its chic aluminum frame and leather fabric. Appealing to a wide range of design languages, Mono is an essential piece especially for masculine and sophisticated spaces.

Custom finishes available for contract projects.

Our products are developed to provide technical and aesthetic solutions for interior architects working on projects of varying scales and concepts. The use of specialized materials in the production process ensures high strength, long service life, and surface stability, delivering performance suitable for intensive use. A wide range of material, texture, and color options offers flexibility throughout the design process, while the chairs can be configured to integrate seamlessly with the overall architectural language of the space.
